MISCELLANY.

Hymn for the Times.

Thy blessing gracious Providence,
If thou to man reveal—
The manufacturer plies his art
And commerce speeds the wheel.
On skill to plan, and toil to frame,
If thou thy smile bestow,
The vein is reached, and streams of gold
Run in perpetual flow.

How rise the airy structures then
What wings doth bustle wear!
We strive as if this world alone
Were worth a world of care
To heaven exalted enterprise
Our fealty we give—
For wealth, and what it brings, life seem s
Worthy, alone, to live

But when thy frown appears, the tide
Rolls back with angry power:
And then, O God, what dreams of pride,
Years-built die in an hour!
How strangely vanish yellow heaps
Which painful toil has raised,
How frightful is the labyrinth, then,
Where wisdom's self is mazed.

If in the mighty gulf is whelmed
One who has bowed to pelf,
Or one whose narrow purposes
Have centred in himself,—
By this sharp trial sh w to him,
Perhaps a lesson new—
That he alone lives up to Man,
Who lives for others too.

And if thy finger him has touched,
The fairest prospect striven—
Who as thine almoner, dispersed
Thy gifts as dews of heaven—
His noble heart, which was not wed
To these, do thou refine;
And by this kind rebuking, make
Yet more thy servant thine.

O! it is merciful that thus
Thy chastening hand is felt,
When we, departing from thy shrine,
Have to our idols knelt,
Then let this call, so loud, so stern,
Which our whole nation hears—
Now sweetly win us to return
In penitence and tears.

A BEAUTIFUL SKETCH.—We select the ollowing beautiful picture from a recently published address of Richard V. Cook, Esq. of Columbus, Texas, on the "Education and Influence of Women."

I fancy a young man just emerging from the bright elysium of youth, and commencing the bright journey of life. Honest, noble and gifted—the broad world to his warm hopes is the future scene of affluence, fame and happiness. Under his active energies, business prospers, and as a consequence, friends come about him. Ere long he meets a sensible and simple girl, who wins his heart, and who loves and trusts him in return. He does not stop to ask what the world will say about the match in case he marries her. Not he. The world is kicked out of doors, and the man determines to be the architect of his own happiness. He does not stop to inquire whether the girl's father is rich inlands and slaves, and coin; but he marries her for that most honest and philosophic of all reasons—because he loves her! He builds his house in some quiet spot, where green trees wave their summer glories, and where bright sunbeams fall. Here is the Mecca of his heart, towards which he turns with more than Eastern adoration. It is a green island in the sea of life, where rude winds never assail, and storms never come. Here, from the troubles and cares of existence, he finds solace in the society of her who is gentle without weakness, and sensible without vanity.

Friends may betray him, and foes may oppress; but when towards home his weary footsteps turn, and there beams upon him golden smiles of welcome; the clouds lift from his soul—the bruised heart is restored, and the strong man made whole. I see the man fall into adversity. Creditors seize his property, poverty stares him in the face, and he is avoided on all hands as a ruined bankrupt. When he sees all go—friends, credit, property—grief-stricken and penniless, he seeks his humble home. Now does the wife desert him too? Nay, verily! When the world abandons and persecutes the man, she draws closer to his side, and her affection is all the warmer because the evil days have come upon him. The moral excellencies of her soul rise superior to the disasters of fortune. And when she sees the man sit mournful and disconsolate, like Themistocles by the Household Gods of Admetus, hers is the task to comfort and console. She remin is him that misfortune has oft overtaken the wisest and the best; that all is never lost while health and hope survive; that she is still near to love, to help and encourage him. The man listens, his courage rallies, and the shadows flee from his heart; armed once more, he enters the arena of life. Industry and energy restores him to competency, fortune smiles upon him, friends return, and—

"Joy mounts exulting on triumphant wings."

Again the scene shifts. I see the man stretched weak and wasted on the bed of sickness. The anxious wife anticipates every wish and necessity. Softly her foot falls upon the carpet, and gently her hand presses the fevered brow of the sufferer. Though the face gives token of her own weariness and suffering, yet through the long watches of each returning night, her vigils are kept beside the loved one's couch, At last disease beleaguers the fortress of life; and the physician solemnly warns his patient that death is approaching. He feels it too, and the last words of love and trust are addressed to her who is weeping beside his dying bed. And in truth, the last hour hath come. I imagine it a fit hour to depart; for the golden sun himself has died upon the evening's fair horizon, and rosy clouds bear him to his grave behind the western hills! Around the couch of the dying man, weeping friends and kinsmen stand, while the minister slowly reads the holy words of promise:

"I am the Resurrection and the Life, saith the Lord; he that believeth on me, though he were dead, yet shall he live, and whose liveth and believeth in me, shall never die." Slowly the clock marks the passing moments, and silently the sick man's breath is ebbing away. Slowly the cold waters are rolling through the gateways of life. And now, as the death damp is on the victim's brow, and the heart throbs its last pulsations, the glazed eye opens and turns in one full, farewell glance of affection upon the trembling weeper who bends over him; and ere the spirit departs forever, the angels hear the pale wife whisper, "I'll meet thee—I'll meet thee in Heaven!"

Why does a pig resemble the best kind of magistrate?

Because he is a sty-pendiary.

Political.

The State Republican Committee of Rhode Island were in session yesterday, and appointed a Committee to confer with the American Rebublican State Committee in regard to a call for a State Convention. We learn that the Committees failed to agree upon such a call. The Republican Committee will issue an address to the electors of the State, preparatory to calling State and District Conventions.

The cost of each letter sent to San Francisco, by the overland route, is said to be *sixty-five dollars.*

There is a rumor abroad, in Senatorial circles at Washington, that Gen. Miramon, of Mexico, proposes to sell to this Government, *a la Santa Anna*, the States of Sonora and Chihuahua, for sixteen millions. It is said that Robles went from here to arrange all that.

At the Cuba meetting in the United States Senate Chamber, every Democrat was invited but Mr. Broderick, who is now under the ban. Mr. Douglas and Mr. Stuart, who had both pursued the course he did, last session, returned to the fold, and were among the twenty-five who composed the conclave.

Gov. Banks, on Friday, sent to the House of Representatives, of that State a message upon the claim of Massachusets against the United States, and urged that all proper means be made to obtain a settlement, in accordance with existing laws, and upon the principles applied to similar claims of other States. The original claim for services during the war was $843.349; which sum constituted the debt of the State in 1817, with an additional sum, as nterest, of $117.092.

Court of Justices.

There was a full Bench, yesterday, and a full house, besides. The all absorbing topic of interest was the matter of *State versus* John F. Young and George E. Read.

The first case called on the criminal docket, was State *versus* John F. Young. Young was in Court, and plead "not guilty" his brother appearing in his defence.

The first witness called for the prosecution, was Mr. Job F. Stanton, grocer, No 10 Market Square, whose store was alleged to have been entered by Young on the night of 13th inst., with false keys. Mr. S. testified to the amount of money lost, and swore to the identity of a bank note, the possession of which, since the date above named, was traced to Young, said bank note having been abstracted from Mr. Stanton's money drawer on the night in question. The bill was the more easily identified, as it is one of those few bills in circulation on the broken bank of Milford, Delaware, with the name of the State torn off the upper edge, right hand corner, giving the impression that they are on the Milford Bank of Massachusetts. The above is a two dollar bill. Mr. S. also testified to Young having been frequently in his store both previous and subsequent to the robbery.

The next witness called, was George E. Read. The counsel for Young (his brother) objected to this witness being sworn, on the ground that he had been previously convicted of crime, and therefore disqualified by law from testifying in a Court of Justice. The City Solicitor admitted that such was the fact, but added that he was now "just as good a witness as anybody," to prove which he produced and read the following document:

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS.
Jan. Session, A. D. 1859.

UPON the petition of George E. Read, praying to be restored to his privileges,

Voted and Resolved, That the prayer of the petitioner be and the same is, hereby granted: and the said George E. Read is hereby restored to his oath, and all other rights, privileges, and immunities of a citizen as fully and as perfectly as if he had never been convicted of any offense.

In Senate, Jan. 20, 1859. Voted and Passed
JOHN R. BARTLETT, Secretary.

This was a stunner for the defense. The testimony of Read was evidently the very thing they feared, and were the most anxious to get rid of. The defendant's brother stormed and fumed, charging upon the prosecution all sorts of unfair things in bringing round this witness, but all to no purpose; the Court decided to admit Read's testimony, and being duly sworn, he testified to the manner in which Young effected an entrance to the store, &c., till the defendant, unable to hear the pressure, rose to his feet and asked the Court if he had a right to waive an examination and allow the matter to rest where it was. The Court, on deliberation, decided that in this stage of the proceedings he had not, and the examination proceeded.

Patrick M. Conroy, grocer, was called, and testified to Young's passing the above bill upon him a day or two after the robbery.

Officer Seatle took the stand and testified to the arrest of Young in his room, and finding therein two iron keys. The keys were exhibited in court, and both bore marks of recent filing.

John Young, (father of the accused) was placed upon the stand for the defence, and testified to matters pertaining to the arrest. His testimony was straight-forward and open, without any disposition being manifested to cover up. He admitted to the finding of the keys by Marshal Seatle, &c., and taken in part or as a whole, his course was highly creditable to him, as a man and a father.

The Court adjudged the case sustained, and John Francis Young was bound over in the sum of $500 for his appearance at the Supreme Court to answer.

There was other testimony, which, however, was of minor importance.

Mr. Enoch G. Young then addressed the Court in behalf of his "client," delivering what certainly was a most extraordinary plea, if not according to the rules laid down "in the books," ending by "*demanding*" the acquittal of his client.

Mr. Cranston followed in a dozen words, stating that the evidence was so complete and so conclusive against the prisoner at the bar, that he felt he should be wasting time and words and insulting the Court, to go into anything like an extended argument in the case.

State *versus* George E. Read was then taken up, and the warrant read, charging the defendant with receiving money from John F. Young, knowing the same to have been stolen. To this he plead guilty, and was held in the sum of $500 to answer before the Supreme Court.

SHORTEST PASSAGE ON RECORD.—Schooner Crusade, of Nantucket, commanded by the veteran John Riddell, well known among maritime men, left that port Thursday at 10 o'clock, A. M., for New London, and put in here same day, for a harbor, arriving at 7 P. M.; making the run, from wharf to wharf, in nine hours, having, in the mean time, made several tacks in consequence of head winds.

This is the shortest passage that we know of on that route, excepting the same captain, once, some twelve years ago, made a passage from Newport to Nantucket, in the sloop Amazon, with a fair wind, in nine hours. This shows the improvement in the model of vessels during that time, and at the same time is an evidence that veteran sea captains lose nothing in activity by age.

ENGINE NO. 2.—*Rough and Ready* Engine No. 2, arrived yesterday morning from New York, and has been taken to the House on Bridge Street. This machine has been thoroughly renovated and put in complete order, and manned by her excellent Company will unquestionably "make her mark" among the Fire Department.

For the Daily News.

MR. EDITOR:—Your communication on Wednesday, in regard to the battalions which are formed on the Sabbath before our churches at the hour of dismission, was read with interest; and we hope your timely hints on this wrong custom, as well as your suggestion for its removal, will be received and adopted. We supposed, however, that a certain class of our male population had fallen into this ungentlemanly practice, for the purpose of displaying themselves, instead of gazing at others. Whatever may be the motive, the custom is not in keeping with the reverence which is due to the Sanctuary, nor with that piety which should pervade the heart of the true worshipper. Let us, therefore, as we retire from the solemn service of the Sanctuary, do it with that lowliness of spirit, and demeanor, which becometh those who have been rendering homage to the King eternal.

WORSHIPPER.

Personal.

Mr. Philip Jessee, aged one hundred and twenty years, died in New Garden, Russel County, Va., on December 1. A short time before his death he was able to attend to his own household affairs, and one day while in his one hundredth year he cut and split one hundred rails.

Whether or not Gen. Putnam had command of the American forces, at the Battle of Bunker Hill, is a subject of discussion with some of the Connecticut papers.

Dr. Abel D. Clark of Meriden, Ct., for half a century the acknowledged champion of checker players, in that part of the State, has at last been beaten, in a match of 72 games, played at 12 sittings, of six each, the doctor winning only 16, his opponent 44, and the remaining 12 drawn.

A minister in Cincinnati, in commenting upon the glory of heaven, recently, assured his congregation that one of the "chief pleasures of the blessed" would consist in the knowledge that the damned were suffering the most horrible tortures in the fiery lake; that the "pure spirits would look down from the white portico of God's palace, and receive new joy from the contemplation of burning souls agonizing in the sea of flame, to which an angry and outraged Deity had mercifully consigned them."

MR. HAZARD'S PAMPHLET.—We have received a copy of the letter addressed to Rob't H. Ives, Esq., by Thomas R. Hazard, Esq., of this city, on the case Ives *vs.* Hazard. It forms a neat pamplet of 48 pages, and is one of the most remarkable works of its size which we remember to have seen. Mr. H. treats his subject in a very vigorous manner, and evidently is influenced neither by "fear or favor." The ground which he takes is a high one, but he justifies his position by offering to prove anything that he alleges, and should he succeed in so doing it, will no doubt cause a radical change to be made in our Court of Equity. This book is the alledged cause for the libel suit which we mentioned in yesterday's paper as having been commenced by Chief Justice Ames against Mr. Hazard. The pamplet can be procured in this city at Tilley's, Ward's and Hammett's.

XXXVTH CONGRESS.

SECOND SESSION.

WASHINGTON, Wednesday, Jan. 19.

The Senate refused to lay the Pacific Railroad bill on the table, by a vote of 38 to 19. Mr. Bell withdrew his motion to recommit the bill. The residue of the session was occupied with a discussion on the constitutionality of carrying the road within the limits of the States.

In the House, Mr. Cobb of Alabama reported a bill amendatory of the preemption laws, by which three months' occupancy of the land is required. An attempt to table the bill proved unsuccessful; but, the morning hour having expired, the House went into Committee of the Whole on the Consular and Diplomatic bill. Mr. Keitt made a Cuba-stealing speech; in course of which he was, however, honest enough to say that he did not believe the island could be purchased. The appropriation for a Minister to Persia was stricken out of the bill on motion of Mr. Colfax. Mr. Lovejoy of Illinois moved to strike out all the appropriations, for the salaries of Ministers and Commissioners, excepting—on the suggestion of Mr. Clark—the Minister to Spain. Mr. Stanton of Ohio, did not see the utility of Ministers; Mr. Crawford of Georgia did. Mr. Scales of North Carolina cried for retrenchment. Mr. Lovejoy's amendment was finally rejected, but by only twelve majority. Motions to strike out the salaries of Ministers at Rome and Switzerland, prevailed. In the evening session, Mr. Humphrey Marshall of Kentucky, made an elaborate political harangue, ostensibly in reply to recent speeches of Messrs. Seward, Giddings and Washburn. Other members had leave to print their remarks, a practice to which Mr. Burnett objected.

GENERAL ASSEMBLY.

THURSDAY, Jan. 20.

Senate.

Mr. Updike, pursuant to previous notice, offered a resolution providing that all churches, museums, theatres and other places appropriated or used for public instruction, either moral or intellectual, or for public amusement, shall have the doors to such buildings open outward, with sufficiently wide and commodious stairways or entrances, so that in cases of necessity the people might readily escape therefrom.

Mr. Eames presented a resolution directing the Secretary of State to purchase certain copies of the Rhode Island Reports.

Sundry bills received from the House were referred to their appropriate committees.

Mr. Eames, from the Committee on the Judiciary, reported back the petition of George E. Read of Newport, to be restored to his rights; which was granted, and the accompanying resolution passed.

Mr. Eames also reported back the petition of Job Fry for the adoption of child; which was granted, and the accompanying resolution passed.

Mr. Fairbrother, from the Committee on Corporations, reported back the petition of John B. Pierce and others, for the incorporation of the Providence Iron Foundry; which was read and passed in concurrence.

Mr. Updike offered a resolution providing that the United States deposit fund now remaining, be transfered to the permanent school fund; which was received and referred to the Committee on Education.

Adjourned.

House of Representatives.

Mr. Sheffield, from the Committee on the Judiciary, reported a resolution authorizing Samuel Clarke of Portsmouth, to release his wife's dower in certain real estate in the town of Portsmouth; which was read and passed.

Mr. King, from the Committee on the Judiciary, reported a resolution from the Senate authorizing Augustin Ancken, an alien, to sell and convey certain real estate in the town of South Kingstown; which was read and passed in concurrence.

Mr. Hayes, from the Committee on the Judiciary, reported a resolution from the Senate authorizing Ann Sullivan of South Kingstown, to take the name of Mary Anna Browning; which was read and passed in concurrence.

Mr. Sanford, from the Committee on the Judiciary, made adverse reports upon an act regarding the duties of sheriffs, town sergeants, constables, and police officers; an act giving to justices of the peace the same powers as special courts of common pleas in relation to landlords and tenants; an act in relation to jurors and juries; and a resolution of instruction to the Attorney General relative to banks enjoined by the Supreme Court. The reports were concurred in by the House, and several matters indefinitely postponed.

Mr. Hayes of Providence gave notice that he should, on some subsequent day, ask leave to introduce a bill amending the chapter of the Revised Statutes in relation to the lien of mechanics.

Mr. Sheffield, from the Committee on the Judiciary, reported an act authorizing the clerks of courts to draw upon the State Auditor for the payment of witnesses' fees in criminal cases, which was ordered to be read a third time to-morrow.

Mr. Hayes of Providence submitted a resolution, which was adopted, referring the joint rules and orders to a joint special committee. The Speaker appointed Messrs Wingate Hayes, Sullivan Ballou, and Isaac Saunders the committee on the part of the House.

Mr. King of North Providence gave notice that he should, on some subsequent day, ask leave to introduce an act amending the chapter of the Revised Statutes in relation to offences against public justice.

Mr. Kenyon of Charlestown gave notice that he should, on some subsequent day, ask leave to introduce an act in relation to the Indian tribe, respecting fencing and trespass.

Mr. D. Clarke of Cumberland submitted a resolution instructing the Committee on the Judiciary to report forthwith upon the report of the special committee to which was referred the petition of Charles T. Hazard and others in relation to the equity powers of the Supreme Court.

At the request of Mr. Sheffield of Newport, the mover consented that the resolution lie on the table until next week.

A resolution came down from the Senate restoring George E. Read of Newport, heretofore convicted of larceny, to his civil rights and privileges; which, after having been supported by Mr. Sheffield of Newport, and opposed by Messrs. Jenckes of Foster, Hayes of Providence, Ballou of Smithfield, Greene of Providence, and King of North Providence, it was ordered to lie on the table.

The body of a man, apparently a sailor, was found on the shore of Long Island Sound, by D. Ezra Davis, in a frozen condition, on Saturday, Jan. 15, opposite Miller's Place.

The body was driven on shore in a small boat, supposed to be a schooner's yawl.

On Sunday, 16th inst, an inquest was held on the body by Coroner Rice. The Jury brought in a verdict of—"Body unknown; came to death by accidental freezing, or inclemency of weather." His dress consisted of under-shirt, two calico shirts, "sailor's reefing-jacket," light gray pants, no drawers, India rubber boots, and frock coat. He measured five feet ten inches in hight; dark sandy hair, no whiskers, and was apparently about 22 years of age. The body will be kept until the 18th inst., when if not claimed it will be interred.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

THE LIVER INVIGORATOR.

PREPARED BY DR. SANFORD.

Compounded Entirely from Gums,

IS One of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

SANFORD'S LIVER INVIGORATOR.

The liver is one of the principal regulators of the human body; and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions: when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his duty, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING the BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, WHAT IS better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHOEA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it never fails.

A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ **Mix Water in the mouth with the Invigorator, and swallow both together.**

THE LIVER INVIGORATOR IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of **Liver Complaint**, from the worst Jaundice or Dyspepsia to a common Headache, all which are the result of a **Diseased Liver.**

Price one dollar per bottle.

Joy to the Admirers of
A FINE HEAD OF
RICH GLOSSY HAIR

Talk of beauty, it cannot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and no one can doubt.

PROF. WOOD'S Hair Restorative.—We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair, will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the grey, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongues of thousands.

The agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

DEEP RIVER, Conn., July 23, 1856.

Mr. Levenworth—Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out scurf and hair together. I saw in a New Haven paper about Wood's Hair Restorative as a cure. I called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and the hair began to grow, it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place. You may have a market for many bottles after it is known here.

Yours with respect, RUFUS PRATT.

PHILADELPHIA, Sept. 9, 1856.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—in fact BALD. I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours respectfully

Felt and Composition Roofs.

THE subscribers would respectfully call the attention of persons building, or about to build, to the above composition, which they have used to the entire satisfaction of many persons in this community who have lately put roofs upon old, as well as new buildings of every description. These roofs have been pronounced by Architects, Builders, and others who have a knowledge of their merits, to be of greater durability, and to be possessed of fire and resisting properties to an extent beyond that of any roof now in use. ☞ The materials of which these roofs are composed are not affected by temperature. ☞ They will not expand or contract with heat and cold, like roofs of iron or tin. ☞ The cost is much less than any other fire proof roofing in use. ☞ They are not effected by the jar of machinery. ☞ In case of injury, no roof is so easily and cheaply repaired. ☞ We not only state these facts, but can substantiate them, by referring to those who have patronized us for the last two years, and would request all those who are about to put on new roofs, either to new or old houses, to call upon us before looking elsewhere, when we think they will be satisfied that we can furnish them with the best roof now in use. HOWARD ASSOCIATION.
PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary, or for treatment of this class of diseases in all their form and to give **Medical Advice Gratis,** to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœ, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onaism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. **George R. Calhoun,** Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

A CARD TO THE LADIES.

DR. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully eeacious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Churchstreet, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *STURGIS & CO.*, Box 801, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country a26—

TO THE LADIES—The celebrated Dr Hughes particularly requests all ladies who may need a medical or surgical adviser, to call at his rooms, No. 13 Howard street, Boston, which they will find arranged for their especial accommodation.

Dr. Hughes having devoted over 18 years to this particular branch of the treatment of diseases peculiar to females, it is now conceeded by all, (both in this country and Europe,) that he excels all the other known practitioners in the safe, speedy and effectional treatment of all female complaints.

Dr. Hughes French Renovating or Female Monthly Pills are to be had genuine only at this office.

These pills are unrivaled in efficacy and superior virtues in regulating all female irregularities. Their action is specific and certain, producing relief in a very short time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders, who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the old doctor at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country, with directions.

The best of accommodations furnished for the sick, with kind and attentive nurses, if they wish, at a reasonable rate.

This office is strictly private, with special apartments for ladies, and is so arranged that it is impossible for patients to come in contact with each other.

CONFIDENTIALLY to the afflicted.—Dr. J. B. Hughes still continues his old established practice of Physic and Surgery, at 13 Howard Street, Boston, where he can be consulted on all private complaints. All persons in any way afflicted may rely on a sure and speedy cure being performed.

Dr. Hughes has for a number of years paid particular attention to the study and practice of private diseases, and so perfect has he become acquainted with them, that, without boasting, he will warrant an effectual cure in the shortest possible time, no matter how long standing the case may be.

In offering the rest it of his long study and practical experience to the afflicted, he is governed by humanity only, for so long have they been deceived by miserable quack nostrums, that it is time that some healthy mode of practice should be introduced.

The old doctor professed to be eminently skillful in curing gonorrhœa, gleet, strictures, syphilis in all its stages, primary, secondary, tertiary, or hereditary scrofula weakness, nocturnal emissions, general debility, impotency, and all diseases of the urinary organs. The doctor solicits a call from all who may be afflicted with any such disease, feeling confident of success, and at a great saving of time and money to his patients.

The doctor can be consulted by letter, if the disease is accurately described, medicines will be immediately forwarded, carefully concealed.

Please remember the name and No., as Dr. Hughes has nothing to do with any other office but 13 Howard st.

P. S. The best accommodations will be furnished the sick of both sexes, with kind and attentive nurses, and at a reasonable rate

All letters requiring advice must contain one dollar, or no notice will be taken of them. Address Dr. J. B. Hughes, 13 Howard st., Boston. jy1 1y d

Medicines.

DR. DOW'S
GRAND MEDICAL HOUSE AND OFFICE,

NO. 7. ENDICOTT-ST., BOSTON. NO. 7.

Established for the permanent cure of all Private Diseases and the Suppression of Quackery.

DR. DOW, so well known for the last fifteen years in this city, where he has confined his practice to the treatment of mercurial, syphilitic and other diseases of a private nature, is consulted alone, from nine in the morning till seven in the evening. Patients must call during office hours. Office not open on Sundays.

All chronic and difficult cases, such as have existed for years, are completely and permanently cured in the shortest possible time by the Doctor's improved course of treatment.

MEDICAL ADVICE.—As it is always important to obtain the services of an experienced and skillful physician call on the celebrated Dr. Dow, No. 7, Endicott street.—*Med. and Surg. Jour.*

DR. DOW will say nothing of his qualifications as a Physician and Surgeon, being a graduate of the University of Pennsylvania Licentiate of the State Medical Society of N. Y., and for more than twelve years a practitioner of this city, during which time he has no doubt cured more of those difficult an chronic cases (such as nothing but practical experience can ensure success) than by other physicians in Boston.

By his late improved course of practice, Gonorrhœa, Gleet, Strictures, and other local affections of the urinary and seminal organs, are cured in a very few days without mercury, regard to diet, or fear of exposure.

SECONDARY SYPHILIS, &c.

Scrofulous affections, ulcers in the throat or neck, nodes and caries of the bones, eruptions on the skin, and every impurity of the blood thoroughly and completely eradicated. Persons afflicted with any private complaints should call as early as possible after contracting the disease, as much time and money may be saved thereby.

TO YOUNG MEN.—You who are troubled with spminal weakness, generally caused by a bad habit in youth, the effects of which are nocturnal emmissions, pains and dizziness in the head, forgetfulness, sometimes a ringing in the ears, weak eyes, &c., terminating in consumption or insanity, if neglected, are speedily and permanently cured by Dr. Dow.

TO MIDDLE-AGED OR EVEN OLD MEN, whose procreative organs have become inactive or weakened by the excesses of any kind, but especially bad habits in youth, Dr. DOW would respectfully say that from the extensive practice which he has had in treating the above complaint for over fourteen years, he is enabled to guarantee a perfect cure in all cases; that is, a restoration of those organs to their natural and healthy state. Hardly a day passes that he is not called upon to cure the above complaints, and he is happy to say that his course of treatment has invariably effected a speedy cure.

Beware of all kinds of Exhilerating Cordials, as they are of no use.

To the unhealthy, the mere mention of the name of the far-famed and justly popular physician, Dr. Dow, that he can at all times be found at home that he is surpassed by none in curing all forms of disease however protracted, ill-treated, or mercurily affected, is a consolation to his patients, and an honor to himself.—*Balt. Amer.*

All afflicted with private complaints, if possible, should consult Dr. Dow, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity, all may rely with safety, while most all of the medical practitioners are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.—*Republican Argus.*

There are a great many young men whose cases have become very difficult of cure, either from neglect or ill-treatment. We would advise all such to call on Dr. Dow, of Boston, whose practical experience in certain diseases no doubt exceeds that of any other physician in America.—*Journal of Health.*

Dr. Dow consults with physicians, as usual, on difficult chronic diseases. Charges reasonable.

TO FEMALES.

All diseases peculiar to females, such as suppressions, irregularities, &c., speedily and effectually removed. The efficacy of his remedies for the cure of the above affections, has been well tested in his extensive practice for the last fifteen years in this city, and never was known to fail in effecting a cure where the directions were followed a reasonable time.

RICORD'S, VELPEAU'S CHVALE'S ACTON'S CURLING'S and the venerial hospital practice of Paris and London. As some persons afflicted with seminal debility and diseases of the Genito-uinary organs may not be aware of the fact, Dr. LARMONT takes this mode of informing them that he is the only graduate in New York City who is exclusively treating and curing these diseases, and whose connection with the European hospitals enable him to adopt the latest and most radical treatment, curing the oldest and most severe cases. All who have been unsuccessfully and barbarously treated with Mercury, Copaiba, Injections, Canterization, Quack Specifics, Antidotes, &c., will be presented with proofs by Dr. Larmont that he will permanently cure them in the shortest possible time. Patients have private and separate rooms. Those living at a distance can be cured at home, through the express and mail, as well and privately as at the office; as the medicines are convenient, pleasant, and do not cause sickness.

Dr. LARMONT'S PARIS AND LONDON MEDICAL ADVISER AND MARRIAGE GUIDE—20th edition, nearly 400 pages, 100 electrotype pictures, both $1. Sold and mailed to any address, free of postage, by the author, and W. A. Townsend, 222 Broadway.

Among its contents is the anatomy of the sexual organs of the male and female, all the diseases and weaknesses, latest discoverer in reproduction, all the known means of presenting conception, quacks, their recipes and specifics, the author's unequalled Paris and London treatment of Gonorrhœa, Gleet, Strictures, Syphilis, primary and constitutional Emissions, Impotency, &c.—At 32 Mercer street, corner Spring, opposite St. Nicholas Hotel, New York. Lotteries.

Maryland State Lotteries

R. FRANCE & CO., MANAGERS.

After the exposure of the many Bogus Lottery concerns throughout the country, purchasers of Tickets will of course feel timid in ordering. Those who desire to purchase would be foolish to send money to any Lottery concern without knowing that they will have fairness in drawings and schemes, and feel that the Managers are responsible for prizes.

The Maryland Lotteries have now been drawing over 40 years. Millions of dollars have been drawn in Capital Prizes, from $10,000 up to $60,000, and the fortunate holders, without a single exception, paid.

These are the Lotteries to order Tickets in. The Managers are fully responsible for every Prize sold without any security; and yet they have given Bonds to the State of Maryland, for half a million dollars to secure prize holders. They don't promise you $70,000, $80,000 or $100,000 for $10; but they give you fair and honest schemes, as good as can be made for the price of the Tickets.

J. RUSSELL SPALDING'S

ROSEMARY

Combines everything required to give richness, beauty and elegance to the hair. It removes dandruff, and relieves headache. To force the growth, to prevent falling off, and restore hair to bald places, it has been used with positive success. It is presented to the public in an open, candid manner, stating, as the name indicates the leading ingredients, viz:—

Rosemary and Castor Oil,

both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TRUAN, Esq., Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 35 years; have used two bottles of your Rosemary, and my hair is now two inches long."

REV. SYLVANUS COBB, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass.—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

OSSIAN E. DODGE, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. L. SWEENY, Boston, Mass.—"It restored my hair to bald head, and from grey to black color," &c.

HON. C. HUNT, Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, ay—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. H. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary," &c.

REVERE HOUSE, Boston, July, 1857. "I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.

It stands on a stool, and weighs about 25 lbs; is simple and handy and has been thoroughly examined and tried by thousands at the West within the past year, who pronounce it to be the best labor saver ever offered to the public.
